

**REMARKS**

Applicants are herein resubmitting the "amendments to the specification section" as required in the Notice.

The amendment filed on April 2, 2008, is considered non-compliant and has not been entered because it amends paragraphs in the specification but fails to show each and every change made relative to the immediate prior version. Notably, the specification amendment filed December 7, 2005 at page 10, added SEQ ID Nos for nucleotide sequences at page 14 of the originally filed specification; yet in the amendment filed April 2, 2008 at page 9 these SEQ ID Nos are absent and this change is not properly demarcated.

Accordingly, Applicants are resubmitting the corrected section of the non-compliant amendment which properly show each and every change made relative to the immediate prior version of the specification as required by 37 C.F.R. § 1.121.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,

YOUNG & THOMPSON
